

# Greenfields Federation

Littlehaven Infant School and Northolmes Junior School

## *Growing Together, Aiming High*

*Our vision at Greenfields Federation is that we will work together as a community to ensure all pupils achieve their best and everyone feels valued and respected. We will have high expectations for behaviour to create an inspiring and motivating learning environment where all children can deepen their knowledge and develop new skills.*

## Accessibility Plan: Littlehaven Infant School

Review date: September 2020  
Ratified by the Governing Body: October 2020  
Next review: July 2023 (or before if guidance changes)

---

The purpose of this plan is to support our school aims.

Our school aims are:

- **Achievement:** Ensure that governors and staff are ambitious for what each child can achieve, so that all learners are given the knowledge and cultural capital they need to succeed in life and can reach their highest levels of personal progress and achievement.
- **Curriculum:** Encourage the development of a love of learning in all children by providing a broad, engaging and challenging curriculum. Enrich children's knowledge by creating a stimulating and supportive learning environment in which they can explore and develop skills and aspirations.
- **Leadership:** Inspire and develop leaders to be highly ambitious and support staff to ensure there is a determination across the federation for all teaching and behaviour to be good or outstanding.
- **Well-being:** Prioritise the well-being of our children to ensure they develop as well-rounded, happy, confident individuals who value who they truly are and understand how they relate to other people in an ever-changing world.
- **Sustainability:** Oversee and implement strong financial control to ensure resources are efficiently and effectively used to allow the focus to be on achieving our vision.

At the time of review we have no children registered as disabled but we are aware that in the future we may need to support all kinds of disability.

## **Definition of Disability**

A person has a disability if he or she has a physical or mental impairment that has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

As a school we recognise that children who have experienced trauma or who suffer from Post-Traumatic Stress Disorder must also be considered under this policy.

The main priorities of the plan are to:

- Increase access to the curriculum for pupils with a disability, expanding the curriculum as necessary to ensure that pupils with a disability are as prepared for life as are other pupils. This encompasses teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities and school visits as well as provisions of specialist or auxiliary aids and equipment, which may assist these pupils in accessing the curriculum within a reasonable timeframe.
- Improve and maintain access to the physical environment of the school, adding specialist facilities as necessary- this covers improvements to the physical environment of the school and physical aids to access education within a reasonable timeframe.
- Improve the delivery of written information to pupils, staff, parents and visitors with disabilities; examples might include handouts, timetables, textbooks and information about the school and school events. The information should be made available in various preferred formats within a reasonable timeframe.

The Headteacher will manage these aims on a day-to-day basis.

The school's Assistant Headteacher for Inclusion is Miss Woodland (maternity leave to be covered by Mrs Saunderson from December 2020)

This Accessibility Plan should be read in conjunction with the following school policies and documents:

- Behaviour Policy
- Single Equality Scheme
- Health and Safety Policy
- SEND Policy and SEND Information Report
- Medical Conditions Policy
- School Development Plan

The Accessibility Plan will be monitored by the Governing Body.

The views of staff, governors, pupils and parents have been consulted during the development of this plan wherever possible and we will endeavour to seek the views of these groups when this plan is reviewed.

The Accessibility Plan will be published on the school's website and is to be reviewed every 3 years.

A copy is available upon request to the School Office.
