Being Covid Safe in School

- Regularly wash your hands with soap

- If you sneeze or cough, use a tissue or the crook of your arm. Put tissues in the bin straight away

- Only one person in the toilet at a time

- If you feel ill then tell someone straight away

- Don't go in other classes unless told to.

Being Covid Safe in School

- Wash your hands for 20 seconds with soap and water when you enter or leave the room

- Wash your hands if you've used something that is shared

- Outside the classroom keep your distance from adults and children in other classes

- You can't walk around the school or go in other areas without an adult

- Bring as few things to school as possible

- If you sneeze or cough, use a tissue or the crook of your arm. Put tissues in the bin straight away

- Don't share resources unless asked to

- Only one person in the toilet at a time

- First aid is done in the classroom

- If you feel like you have a bad cough or temperature then tell someone straight away
