

## **DATA RETENTION POLICY**

### **LITTLEHAVEN INFANT/NORTHOLMES JUNIOR SCHOOL**

The School has a responsibility to maintain its records and record keeping systems. When doing this, the School will take account of the following factors: -

- The most efficient and effective way of storing records and information;
- The confidential nature of the records and information stored;
- The security of the record systems used;
- Privacy and disclosure; and
- Their accessibility.

This policy does not form part of any employee's contract of employment and is not intended to have contractual effect. It does, however, reflect the School's current practice, the requirements of current legislation and best practice and guidance. It may be amended by the School from time to time and any changes will be notified to employees within one month of the date on which the change is intended to take effect. The School may also vary any parts of this procedure, including any time limits, as appropriate in any case.

### **DATA PROTECTION**

This policy sets out how long employment-related and pupil data will normally be held by the School and when that information will be confidentially destroyed in compliance with the terms of the UK General Data Protection Regulation (UK GDPR) and the Freedom of Information Act 2000.

Data will be stored and processed to allow for the efficient operation of the School. The School's Data Protection Policy outlines its duties and obligations under the UK GDPR.

### **RETENTION SCHEDULE**

Information (hard copy and electronic) will be retained for at least the period specified in the attached retention schedule. When managing records, the School will adhere to the standard retention times listed within that schedule.

Paper and electronic records will be regularly monitored to ensure data still needs to be retained.

The schedule is a relatively lengthy document listing the many types of records used by the School and the applicable retention periods for each record type. The retention periods are based on business needs and legal requirements.

### **DESTRUCTION OF RECORDS**

Where records have been identified for destruction they should be disposed of in an appropriate way. All information must be reviewed before destruction to determine whether there are special factors that mean destruction should be delayed, such as potential litigation, complaints or grievances.

All paper records containing personal information, or sensitive policy information should be shredded before disposal or disposed of by an appropriate waste paper merchant. All electronic information should be deleted.

## **RECORD KEEPING OF SAFEGUARDING ISSUES**

Safeguarding issues relating to children are logged on CPOMS, data relating to these cases will be retained in accordance with their data retention policy. Any data held by the School will be disposed of in accordance with the attached data retention schedule

Any safeguarding allegations made against staff that are found to be malicious must not be part of personnel records.

For any other allegations made, the School must keep a comprehensive summary of the allegation made, details of how the investigation was looked into and resolved and any decisions reached. This should be kept on the personnel files of the accused.

Any allegations made of sexual abuse should be preserved by the School for the term of an inquiry by the Independent Inquiry into Child Sexual Abuse. All other records (for example, the personnel file of the accused) should be retained until the accused has reached normal pension age or for a period of 10 years from the date of the allegation if that is longer. Guidance from the Independent Inquiry Child Sexual Abuse states that prolonged retention of personal data at the request of an Inquiry would not contravene data protection regulation provided the information is restricted to that necessary to fulfil potential legal duties that a School may have in relation to an Inquiry.

Whilst the Independent Inquiry into Child Sexual Abuse is ongoing, it is an offence to destroy any records relating to it. At the conclusion of the Inquiry, it is likely that an indication regarding the appropriate retention periods of the records will be made.

## **PUPIL RECORDS**

The School retains pupils' educational records whilst the pupils remains at the School. Once the pupil leaves the School, the file will be sent to the next school.

The School may retain a copy of a pupil's file for a further period where there are special factors such as potential litigation

## **RESPONSIBILITY AND MONITORING**

The head teacher has responsibility for implementing this Policy. The Data Protection Officer, in conjunction with the School is responsible for monitoring its use and effectiveness and dealing with any queries on its interpretation. The Data Protection Officer will consider the suitability and adequacy of this policy and report improvements directly to management.

Internal control systems and procedures will be subject to regular audits to provide assurance that they are effective in creating, maintaining and removing records.

Management at all levels are responsible for ensuring those reporting to them are made aware of and understand this Policy and are given adequate and regular training on it.
