

Dear children,

Hello. We're so sorry that we crashed onto your field but it wasn't our fault. On Saturday we were exploring the skies above Horsham when we had a ship malfunction! Straight away we knew that it was going to be bad so we tried to land on the field but unfortunately we hit the tree and ended up crashing to the ground. The sunlight reflecting off a bald man's head didn't help either, as it blinded us a bit!

Luckily the three of us weren't injured but our ship was completely smashed into a hundred pieces and we don't think that it will ever fly again!

Our friend Beegu sent us to meet you, but we haven't been able to let her know we are safe because our computers were burnt in the wreckage. Maybe you could let her know we are OK.

We have chosen the class with the teacher who looked most like us and we hope you children are friendly and clever.

Please can you let us know if you are able to be our friends and give us some help while we are here in Littlehaven?

There are a few things you need to know:

1. Don't tell any adults unless they are nice, because they might not believe you, or try and take us away!
2. We only move when nobody is around so at all other times we will look like toy Lego people.
3. If you will help us we will tell you more.

Crashes, bangs and blazing Lego ships,

Oleg, (Oh-leg)

Olega (Oh-lee-ga)

and Oliga (Oh-lie-ga)

xxx
