Dearest Kiddywinkles,

I've heard all about you and your wonderful work so I have decided to send you a few presents. The first is a cuddly version of me, (although I'm quite the cuddly type anyway). The toy is cute, gorgeous and adorable, but not half as much as me!

Also I've included my own book which I wrote with the help of Emily Gravett. It tells of my adventures and hopefully you will want to find out more about my Meerkat families. Knowledge makes you smart like me.

Finally I've popped in a postcard which is the long version from the book. Emily decided that the book needed a short one because not everyone can read that much, but I've heard you're a clever bunch so I thought I'd share it with you.

Toodle-pip my chums,

Sunny
